Significant Experience

Graphic Designer, Menard Center November 2023-Present Menomonie, WI

Keeping websites up to date and editing pages with HTML across apps to ensure a harmony of style and information.

Creating a consistent brand for the center and providing the correct marketing material.

Helped students at Center funded events receive needed information and documentation.

Sending emails and completing tasks to ensure the center stays on track of events.

Fluid worker by working from multiple locations including the office and home.

Gained leadership in the recruiting and training process for multiple roles.

UPS Associate, The UPS Store July 2024-January 2025 Menomonie, WI

Printing, packaging, design work

Designed for local businesses, printed for customers, and helped maintain a steady workflow in the building.

Multitasked to finish print orders and package shipments, and learned to think on my feet by troubleshooting printers.

Worm Charming Event Page, March-May 2024 UW Stout, WI

Worked in HTML, JavaScript, and CSS to create an event website.

Used Adobe Photoshop, Illustrator, and XD to create the art pieces for the website.

Learned to problem-solve errors in my code and use external sources as guidance.

Became a more open designer by taking others' feedback and changing the site as I went along.

Cashier, Kowalski's Markets June 2020-January 2024 Minneapolis, MN

Provided customer service to shoppers as a cashier processing orders and conversing with Customers to ensure their shopping experience was enjoyable and memorable.

Learned to be a team player by helping coworkers with different tasks.
